Donald E. Blankenship was a compromise appointment for City Commissioner Tuesday night in Pahokee to fill the vacancy in the city business until an election of Curtis Miners who resigned in protest to the recall petition against fellow councilmen.

Ending a controversy over water and sewer rates to be charged to the Pahokee Housing Authority, three city commissioners resigned from the Pahokee City Council Tuesday.

Lee Carroll Parker and R. W. Sanders resigned after a motion setting their recall election died for lack of a second.

The recall petition for the two councilmen was presented to the council and George Tucker motion for setting an election was not seconded by either Miners or Parker, the only other council members present except the chairman, Oscar Dobrow.

Parker, in refusing to second the motion said, "I disapprove of the lies circulated to obtain the signatures for this petition."

Sanders did not attend the meeting.

The four councilmen present decided to come to a gentlemen's agreement about the appointment to fill Miners' unexpired term of office. According to the agreement, the four councilmen present decided to come to a gentlemen's agreement about the appointment to fill Miners' unexpired term of office.

The Police Auxiliary and the Police Benevolent Association sold out of food at their Sunday barbecue at the Belle Glade Marina and raised a net of \$300.

The barbecue committee wishes to thank merchants who donated door prizes and the awarding of the food ticket holders, Clark said.

Merchants and those winning the prizes are: Charles A. Cox Jewelry, dealer of a 17 jewel Elgin watch which was won by Richard Harris.

Richard Harris Garage offered a motor tune up which was won by Tommy Durden.

George's Barber Shop offered a hair cut won by Don Tanner.

Scottie Barber Shop, Belle Glade, offered a hair cut won by E. W. "Bud" Weaver.

Western Auto, Belle Glade, donated an ice chest won by David Kicklighter.

The Gulf Service Station, South Bay, offered a grease job which was won by Roy McCracken.

Clark said the organization's thanks also went to Jimmy Sims of WSWN radio Station, Clifford Gluff who prepared the salad and beans, Ray Whitlock who barbecued the chicken and ribs, and especially to the wives of auxiliary and police officers who helped wherever and whenever needed.

Property rezoned in Pahokee

Successful rezoning of an area adjacent to and including the Glades Airport at Pahokee was passed by the County Zoning Board.

The new M-1 zoning will permit this area to be used for light industrial and commercial purposes.

Final resolution, which gives complete legal description, will be signed by the Zoning Board at their next regular meeting in October. The signing of this resolution is a legal finality and not a requirement of the change that was made at Thursday's meeting. The land is zoned at present and efforts to recruit industry in the area can be safely done now.

It is Commissioner E. W. Bud Weaver's personal hope that there will be light industry in that area in the very near future.

Governor Replies To Herald Letter

STATE OF FLORIDA
OFFICE OF THE GOVERNOR
TALLAHASSEE

Dear Mr. Heran:

Thank you for your letter of August 24. As you know, extensive improvements are planned on State Road 80 if we can finance the proposed Primary Highway Improvement program. The Road Department has drawn up the program, which calls for spending \$651 million on primary projects and right-of-way within the next years. Of this sum, we can expect only \$205 million from present revenue; the other \$446 million represents the gap we are trying to close.

It has repeatedly been proposed that the legislature put before the people a constitutional amendment that would authorize \$425 million worth of road bonds, sold at the rate of \$85 million a year for five years. Pledged to pay off the bonds would be a one cent increase in the gasoline tax, laid before the people as part of the same amendment as the bond-issuing authority.

We cannot say why the legislature has refused to go ahead with the proposal. You and I know that the need is urgent to be increasingly urgent until we carry out the necessary improvements. With the support of key persons such as yourself, perhaps we can bring this proposal before the people.

Sincerely,
Billie R. Pyrom

Belle Glade Saves \$81,500

The City of Belle Glade was able to save \$81,500 in interest charges by recalling 1957 revenue bonds in the amount of \$90,000.

A penalty payment of \$2,700 was paid for the early recall of the bonds which would have matured in 1987, reported Frank Anderson, Finance Director.

The City Commission heard a report that the upgrading of street lights had been completed and work has started in installing better lighting on Ave. E. This additional project will be completed by mid-November reported Tevis Hugus, City Manager.

The Commission tabled a request to underwrite an additional \$4,000 cost for restroom facilities in the recently completed portion of the Belle Glade Marina.

The facilities will cost from \$2,400 to \$2,600, depending upon construction extent. The bid for the facilities was awarded to Blanton and Uweil of Pahokee by the South Florida Flood Control District which is administering the state funds available for the project. State and county wide publicity is planned including the use of radio, television and the newspapers with the kick-off slated for Farm Bureau Week.

Special membership brochures are being prepared by the state office along with other promotional and publicity pieces.

"Farm Bureau is on the move. For each of the past 26 years, membership in Florida Farm Bureau Federation has increased each year. We in Everglades County must continue to do our part in speaking for agriculture both on the county level and through our delegates and resolutions to the state convention," Erickson stated.

"In legislation, in services, in commodity work, in insurance and in many other areas Farm Bureau is stepping forward, and we need the farmers and of agriculture in Florida," Erickson concluded.

at the Marina have totaled \$16,000 during the past year but these funds are put into the general fund and have been anticipated in the next years budget.

The major cost of the building, Hugus said, will be in the long piling required and the septic tank construction which will cost about \$2,000 each.

Commissioner G. L. Conrad suggested earmarking muck sale receipts for the additional money. The receipts had previously been earmarked for the railing of the old Marina site. Hugus said 260

yard of muck had been sold to date.

The request has been tabled until budget sessions are held. Commissioner Conrad Brown was absent from the meeting. He is attending a Ford Motor Company School in connection with his job as Parts Manager at Watson Ford.

Pahokee Letters Of Resignation

Lee Carroll Parker: To: Honorable Mayor Duncan Padgett and Pahokee City Council.

It is with genuine regret that this notice of resignation is submitted, effective September 13, 1967. The decision to resign is not voluntary in a conventional sense, but has been forced upon me. After careful deliberations during the past month of the hardships and duress imposed upon my home and family and other adversities that have so sorely affected our lives, as a responsible person I have no other choice.

As a councilman I have always been fully aware of the obligations of my office and of a sacred trust to serve all of the people of Pahokee and to promote and protect their best interests. I have never deviated from, nor will I ever deviate one iota from, a basic and unquestionably fair share of obligations and expenses of the City. Our schedules of taxation and utility rates should preclude any preferential treatment to any one or any group, and I will never compromise or abort the application of such morally and ethically sound standards.

As a businessman and a family man with considerable vested interests in Pahokee, I have conscientiously and diligently applied my talents and experience to lighten the financial burden of the people and plan for the future. The evidence that my effectiveness and best efforts to be guided by a fair code have been totally voided by a minority group, and by what has been referred to as a "rubber stamp" Council, also compels my resignation.

I am very conscious of and deeply appreciate the efforts of so many of the people of Pahokee who have supported my position and views. It is my sincere hope that my successor take note of all public opinion and prevent the adoption of any precedents that can only operate to the detriment and

disadvantage of Pahokee.

My resignation is submitted with deep disappointment but without bitterness — I have only hoped for and will continue to hope for the best for all the people of Pahokee.

R. W. Sanders: Mayor & Councilmen of the City of Pahokee

Gentlemen:

I hereby tender my resignation as councilman of the City of Pahokee, effective September 12th, 1967.

Due to circumstances I regret that I have accomplished but very little, therefore, I don't see much use in trying to continue. If the opposition, by a minority group, had been cooperative — leaving politics and personalities out I feel that much could have been accomplished saving several thousand dollars to the taxpayers by operating more efficiently.

I've washed my hands. I'll now cast my vote — maybe I'll have better luck.

Curtis Minter: Please accept this notice of my resignation to become effective September 12, 1967.

PUBLIC STATEMENT

I stated my position in the Wednesday, August 30, 1967 edition of the Palm Beach Post, wherein I indicated that I could not continue to serve as City Councilman in the event of a recall election. The continuing events that have caused the resignation of Councilman Parker and Sanders have prompted my decision with our further delay.

I have enjoyed and appreciated the opportunity to serve as a Councilman, and with to thank the many fine people of Pahokee who have supported me. May I hope that in some small measure I have contributed to a better Pahokee.

Billy Graham Film To Be Shown Oct. 5-7

"The Restless Ones," considered the most successful motion picture yet produced by Evangelist Billy Graham, will be shown in Clewiston on October 5-7 in Sugarland Auditorium.

With the accent on youth, this feature-length film deals imaginatively and dramatically with the teenage crisis. With a background setting provided by the 1963 Billy Graham Los Angeles Crusade, and artfully woven into the story pattern, "THE RESTLESS ONES" is a hard-hitting, bold approach to our social problems.

Here is a film which dares to be different, a story which will stir the heart and mind. Having seen "The Restless Ones," you will never be the same.

As one reviewer said, "Here is a picture that tells the truth and comes up with an answer, not an easy answer, but an answer from beyond us." This answer will satisfy, challenge and inspire young and old alike and will appeal to churchgoers and non-churchgoers.

Message comes through in the midst of a realistic teen-age situation, cleanly and without cloying. Swift-moving plot episodes highlight the opportunities facing the church.

HAVE YOU EVER CONSIDERED A ROYAL CASTLE CAREER???

Even though we're not located in your area (yet), have you ever considered a Royal Castle career? There are many opportunities for mature, responsible people — like you — who are willing and able to relocate to work as counter personnel, Asst. Managers or Managers in our Brevard, Palm Beach and Broward County shops. Royal Castle offers steady year-round employment with good fringe benefits. Why not call us today for an appointment for an interview?

In Brevard, call Mr. Parker at 254-5814 (Eau Gallies)
In W. Palm Beach, call Mr. Gonzalez at 585-4223
In Broward, call Mr. Shoemaker at 523-2273 (Ft. L.)
Or write to Royal Castle System, Inc., 11 Wall St., Fort Lauderdale (33301) for an application.

Essay Wins Scholarship

With an essay on "Why I Want to go to College," Miss Sherri Louise Burgess won a \$1,000 scholarship in statewide competition. Sherri was sponsored in the contest by the Everglades Farm Bureau. She is a 1966 graduate from Belle Glade High School and held the highest scholastic average of her class. The daughter of Mr. and Mrs. Edward Burgess, Sherri won the Winn-Dixie Florida Farm Bureau Federation scholarship. Here is Sherri's winning essay:

College is a valuable place to go. Many levels of learning and experience can be gained by the students who apply themselves. Book knowledge is not all that is learned at college. The student is preparing himself for his life's work.

College affords the opportunity to meet and work with many different kinds of people. The student learns the meaning of teamwork. Being able to work with others is an important factor in almost every phase of work.

A pleasant and congenial person will find that he gets much further in life than the harsh, unpleasant worker. Everyone enjoys a person who is warm and friendly. At college, as in high school, the student learns even better to work well with others.

Learning the meaning of independence is a valuable asset gained by the student away from home. The student learns to live without depending upon his family. This independence can pertain to money decisions, clothes, dates, etc. He learns to make his own decisions. Many of these decisions are reached by the trial-and-error method. The student who makes his own decisions often has the satisfaction of knowing he has reached a conclusion through his own efforts.

Away from his family, maybe for the first time, the student is on his own. He must learn discipline and self control. Learning the importance of time is a necessity; things cannot be put off until the last moment. The person who learns early in life not to procrastinate has learned an important lesson.

College provides the opportunity for the student to better himself culturally. He has a chance to study the fine arts. By improving himself culturally, he is able to enjoy a fuller life as an adult. Many colleges

have concerts, recitals, dramas, and other such means of entertainment.

Besides practical knowledge that is necessary for life, the student DOES gain book knowledge. Through experience from others' past mistakes is sometimes wiser. For example, knowledge gained from the study of a history course may help prevent future world disasters.

Going to college is a big jump in the life of a young person. In many cases the student leaves his home to attend a school far away. While at college he will learn many things about life and the world besides just gaining book knowledge.

In January, 1967, I was accepted to attend the college of my choice, Furman University in Greenville, South Carolina. I plan to teach languages and music. I hope that I shall be able to better prepare myself for a useful life by attending college.
